Product & Industrial Designer with experience in **product visualization, technical communication, and engineering collaboration** within manufacturing environments.

Experienced in developing photorealistic 3D renderings, animations, interactive product visualizations, and communication materials that support product development, marketing, and international customer engagement. Passionate about transforming complex engineering products into clear and compelling visual experiences.

Professional Experience

PRODUCT VISUALIZATION DESIGNER

2025 - Present

PERONI POMPE - Corsico, Italy

Product Visualization

- Created **30+ photorealistic renderings** for industrial pump products.
- Developed interactive 3D product viewers for customer presentations.
- Produced **10+ product animations**, including operating simulations, exploded views and maintenance tutorials.

Technical Communication

- Designed product catalogues, corporate presentations and promotional videos to support sales, exhibitions and international customer communication.
- Produced exhibition graphics and marketing assets for **4 international trade fairs**.
- Collaborated with an external agency on the redesign of the corporate product catalogs.

Engineering Collaboration

- Redesigned product components alongside engineering teams, improving product aesthetics while maintaining manufacturability.
- Supported visualization for **5+ customized engineering projects**.

International Communication

- Supported **2 Factory Acceptance Tests (FAT)** by coordinating technical documentation and facilitating communication between engineering teams and overseas customers.

PRODUCT DESIGN INTERN

2024 - 2025

ELIHOME - Milan, Italy

- Conducted user research and competitive benchmarking across kitchenware products.
- Identified user needs and product opportunities through qualitative research.
- Supported product strategy and design direction for sustainable kitchenware collections.

PRODUCT DESIGN INTERN

2024

ANTONIO LANZILLO & PARTNERS STUDIO - Milan, Italy

- Developed early-stage product concepts through ideation, sketching and aesthetic exploration.
- Produced 3D models and photorealistic renderings for design reviews and client presentations.
- Introduced AI-assisted visualization workflows for product rendering and video production.
- Supported the planning and organization of the studio exhibition during Milan Design Week.

Education

Industrial Product Design

Politecnico di Milano

Bachelor's Degree, awarded in 2026

Design for Social Impact

The University of Tokyo

Summer School, 2025

Core Competencies

- Product Visualization
- Industrial Design
- Technical Communication
- Product Communication
- 3D Rendering
- Product Animation
- Engineering Collaboration
- Visual Storytelling

Software

CAD

SOLIDWORKS

Alias

Rhino

Visualization

KeyShot

Blender

Creative

InDesign

Illustrator

Photoshop

Premiere Pro

After Effects

Lightroom

Others

Procreate

Figma

AI-Assisted Visualization Tools

Languages

- Chinese (Native)
- English (B2)
- Italian (B2)

Selected Awards

Red Dot Design Award

2025 - Inclusive Design

London Design Awards

2025 - Exhibition & Events

MUSE Design Awards

2024 - Smart Home
